DOT Launched Volpe's Project Delivery Center of Excellence

U.S. Department
of Transportation

MISSION

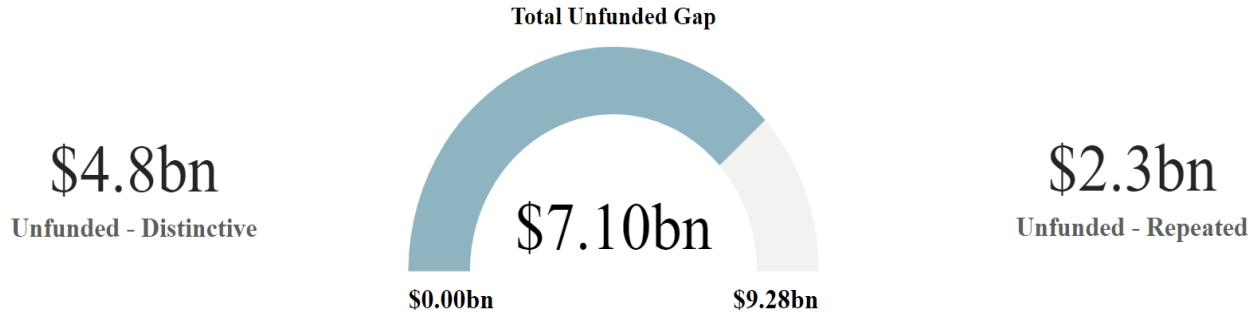

Support and educate recipients of federal funds in delivering transportation infrastructure projects more efficiently and effectively from concept to completion.

- Focuses on **post-award** support
- Promotes **thought leadership** on project delivery
- Highlights project delivery **best practices** with a searchable database
- Provides **peers exchanges** through webinars and in-person trainings
- Supports **both** U.S. DOT project delivery staff and project sponsors
- Hosts the **Project Delivery Toolbox** on public engagement, environment, equity, project management, financing, pre-construction, risk management, and construction.
